UNIT 10: The Intertestamental Period (recommended)

- Introductory video (5 minutes) explaining Unit 10. Recommended.
- This isn't exactly OT, nor is it NT, but it's still important—and without it people have difficulty understanding the connection of the testaments.

Recommended:

- [Quick Overview chapter 11-14](#) (completing the OT sections of the book)
- [Quick Overview chapter 16](#)
- [The Apocrypha: Second Thoughts](#)
- Acquaint yourself with the OT Apocrypha, though I recommend reading the Apocrypha only once you've completed the OT several times.
- [Christ Through the Ages](#) podcast series (40) – good transitional material for the OT, and lots of other interesting things, too.
- [The Structure of the Old Testament](#) (podcast).
- [The Herods](#) (podcast, Steve Jacoby)

*From here on we focus on the Old Testament. We will already have completed Genesis, Exodus, Psalms, Proverbs, Ecclesiastes, Song – 291 chapters out of the 929 in the OT. **Even though we will spend a long time in the Old Testament, we will constantly refer back to the New Testament, highlighting the integrity and message of the Scriptures.***

As with the units above, for those who want more, in addition to Bible reading, each unit contains character podcasts, articles, and audio material on OT topics.
